- 6. Remember that entering the reschedule into Affinity is the final step in the reschedule process so using the "Send Alternate Request" or "Cannot Reschedule" options should rarely be used:
 - a. Avoid starting this process without speaking with the other team and your club's field assignor
 - b. Avoid sending alternate requests
 - i. If an alternative request is posed, and that is not accepted, the game will go into "deadlock"
 - ii. If the game is in deadlock status, the team who last denied the request must go into "view rescheduling history" and click the button to "reverse deadlock"
 - c. Avoid using the cannot reschedule button
 - i. If the cannot reschedule button is used, the game will revert to the originally scheduled date, time and field
